

LESSON 5: Vocabulary & Listening

Look at the chart. It shows the results of a survey. Match the questions to the correct answer.

Who Knows Their Neighbors?

(Percent by age group)

Source: Survey of U.S. adults conducted Feb. 26–March 11, 2018

PEW RESEARCH CENTER

1. Where do the participants in the survey live?	
2. When was the survey taken?	
3. Which age group knows the most neighbors?	
4. Which age group knows the fewest neighbors?	
5. What's the percentage of Ages 65+ who know none of their neighbors?	
6. What's the percentage of Ages 30-49 who most of their neighbors?
