

Learning English

Put the present continuous and present simple sentences into the correct table.

In my class, we learn many things to improve our English. Right now, my classmates are **studying** new words. They are **reading** new words in class. They are also **practising** how to say them. Sarah is **writing** new words in her notebook. She always **writes** with a blue pen because she likes it.

In the afternoon, we usually **play** games to practice English. Today, we are **playing** a game called "Word Bingo." The teacher **calls** out words, and we **cross** them off our cards. I **enjoy** this game because it helps me remember new words.

Every week, we **practice** speaking. We often **talk** about our favorite activities. We **help** each other with English sentences.

Learning English **is** fun! We are working hard to improve our skills. I can't wait for the next lesson!
