

There's a place I that we should go
Would you me there? Your lady fair
There's a brook nearby, the grass grows high
Where we both hide side by side
Hooray, hooray, it's a holi-holiday
What a world of fun for
Hooray, hooray, it's a holi-holiday
Sing asong, skip along

There's a fair not far from there
On a carousel, the ding-dong bell
On the loop-de-loop, we'll swing and swoop
What else we'll.....is up to you
Well, again, fun is the thing I'm
Now let's go live it up, get set for love and laughter
Well, let's go, time isn't here for wasting
Life is so of sweet sweet things, I'd like to do some tasting
Now the countryside, we a ride
Where the stars will shine, lots of time
Back of yourcar, we might get far
In the breeze, we feel at ease
