

Directions: Read each situation and dialogue carefully. Choose the correct answer to each question.

A woman suffers from a bad illness which makes her blind. But a team of researchers in Australia has designed and built an eye for her. The eye is seen as a major step forward in restoring some vision to **the blind**. With the new eye, the woman will be able to see things like shapes and corners of the house. The team has signed up two more volunteers for the operation. **They** hope their research could improve the lives of millions of blind people across the world.

Source: <http://www.newsintlevels.com/products/woman-has-a-special-eye-level-2/>

1. What is the main idea of this story?
 1. A blind woman will be able to see things soon.
 2. New technology which helps woman has a beautiful eye.
 3. A woman suffers from bad illness which makes her blind.
 4. Researchers have created a special eye for a blind woman.
2. In line 4, the word "**they**" refers to _____.
 1. researchers
 2. blind women
 3. volunteers
 4. blind people

(3-5)

Summerhill School is in a small town in England. It is a private school with only about 70 students. Many of these students have learning difficulties. It is hard for **them** to fit in with others in most government schools. The classes are large and the teachers have little time to attend to students individually.

There are rules in Summerhill School, but it is the students who set them. The students, however, do not give much trouble. They can choose the lessons they want to attend and not do homework if they don't want to. Strange as it may seem, most of the students do well and have top score for the national examinations.

3. Which of the following would be the best title for the text?
1. Summerhill School
 2. The rules in Summerhill School
 3. A school where students set the rules.
 4. A private school with only about 70 students.
4. What does the word "**them**" (line2) refer to?
1. classes
 2. students
 3. teachers
 4. government schools
5. Which is **TRUE** about Summerhill School?
1. The students don't want to do homework.
 2. The teachers can choose the lessons for the students.
 3. The rules of Summerhill School are set by the students.
 4. Summerhill School is a small government school in England.
- (6)
- Some words in English have the same sound, **but** you write them differently, and they **mean** different things. Take the word **nun** and won, for example. **Nun** has the same sound as the word **none** and won has the same sound as the word **one**, but they mean something different and are written differently. Another example is the word **write**. It has the same sound as the word **right**.
6. From the passage, which is **TRUE**?
1. Some English words have both the same sound and meaning.
 2. Some English words have the different sound but same meaning.
 3. Some English words have the same sound but different meaning.
 4. Many English words have both the different sound and meaning.

(7-11)

The loveable cuddly-looking panda is one of the world most popular animals. Unfortunately, it's also one of the most **endangered** species. Pandas live only in the dense bamboo area of the rainy forests of southern China. About only 1,600 pandas remain in the world. The Chinese government and some various organizations are working to protect panda in their natural habitat. Bamboo shoots and leaves account for 99 percent of panda's diet. An adult giant panda eats up to 45 kilograms of bamboo

per day over a period of 16 hours. So it's important to have a protected place with a lot of bamboo available.

7. What's the closest meaning of '**endangered**'?

- 1. extinct 2. extreme 3. external 4. extensive

8. What is the purpose of the writer?

- 1. To report bad diet of pandas.
- 2. To motivate people to feed pandas.
- 3. To inform a number of pandas remain in the world.
- 4. To show the importance of the source of food for pandas.

9. How do you predict the outcome of a missing of bamboo?

- 1. Pandas may find other plants to eat.
- 2. Pandas may move their habitats away.
- 3. Pandas may die with no more food to eat.
- 4. Pandas may be fed with fresh water instead.

10. What sentence would you support that pandas spend most time doing something?

- 1. Panda, a loveable cuddly-looking animal, becomes the most popular animal.
- 2. Pandas are being protected by the Chinese government and other organizations.
- 3. Giant pandas eat up to 45 kilograms of bamboo a day over a period of 16 hours.
- 4. Pandas live only in the dense bamboo area of the rainy forests of southern China.

11. From this passage, which is **TRUE**?

- 1. Pandas eat up to 45 kilograms of bamboo per day.
- 2. The main food of pandas is bamboo shoots and leaves.
- 3. There are only 1,600 pandas in the rainy forests of southern China.
- 4. Pandas are the most popular animals, but not the most endangered species.

(32-35)

Most of the water on our planet (97%) is salt water stored in the oceans. The remaining 3 percent is fresh water—and most of that is locked up in ice caps and glaciers. In fact, less than 1 percent of the planet's water is usable fresh water. With the projected rate of population, humanity will use up more than 70 percent of all accessible fresh water by 2025.

12. It can be inferred that the growth rate of the world's population ____.
1. affects on salt water sources in our planet
 2. results in an amount of accessible fresh water
 3. justifies an amount of salt water on our planet
 4. influences fresh water kept in ice caps and glaciers
13. What idea would you use to judge that **NOT** all of fresh water can be used?
1. A large amount of fresh water is not easy to access.
 2. A small amount of fresh water is not accessible for human.
 3. A large number of the world's population has easy access to salt water.
 4. A small number of the world's population has easy access to fresh water.
14. From a passage, If you were a leader of a country, what project would be done to prevent a missing of water?
1. Water—What It for?
 2. Water—Use It Wisely
 3. Water—Where It from?
 4. Water—Drink It Everyday
15. From this passage, which is **NOT** true?
1. All fresh water on our planet can be used.
 2. Salt water is most of the water on our planet.
 3. Most of fresh water is locked up in ice caps and glaciers.
 4. Humanity will use more fresh water because of more people.

(16-18)

Computers come in all shapes and sizes. For example, large computers are used in many places. Big office buildings have special large computers to control lights, heat, and air conditioning. Other, smaller computers are

found in homes and offices. They are used to work for information, or for fun. Many people have small computers called *notebook or laptop*. They are especial useful for people who need computers when they travel. Finally, many new computers are so tiny that you cannot see all of them. They are in telephones, televisions, cameras, cell phones and cars.

16. What is the best topic for this passage?

1. How computers work
2. How to use computers
3. The benefits, or use of computers
4. The shapes and sizes of computers

17. From the passage, what can be implied from a size of computers?

1. A large computer is used for small things.
2. A tiny computer is used for a very small thing.
3. A smaller computer is used for a very big thing.
4. A large computer is used for a very small thing.

18. From this passage, which is **NOT** true?

1. Many people need notebook or laptop when they travel.
2. The computers in cell phones and cameras are very small.
3. The computers in homes are used to work only for information.
4. Lights in big office buildings are controlled by special large computers.

(19-20)

Shopping malls are still teenagers' favorite place to meet friends and socialize. In some countries, these teenagers are called 'The mall generation'. When you walk into a shopping mall anywhere in the world, and what do you see? Teenagers are talking, chatting on cell phones, sending messages. They are eating snacks or drinking soda in the food court, shopping, or just hanging out. They are all wearing similar clothes and listening to the same music on their MP3 players.

19. What is the best topic of this passage?

- | | |
|----------------------------|--------------------------------|
| 1. The malls' facilities | 2. A favorite shopping mall |
| 3. The shopping advantages | 4. A teenagers' favorite place |

20. What conclusion could be drawn the passage?

1. Being 'The mall generation' can waste time of teenagers.
2. Teenagers waste their time in doing unnecessary thing together.
3. Teenagers tend to be 'The mall generation' regardless of their need.
4. Being 'The mall generation' is very common for teens over the world.

(21-25) Read 'Product Records' table and choose the best answer.

Product Records
