Question 26:

- A. Therefore B. However C. Although D. For example

Question 27:

- A. what B. where C. which D. who

Question 28:

- A. destruction B. introduction C. management D. installment

Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the questions from 29 to 33.

A balanced diet is essential for maintaining overall health and well-being. It involves consuming a variety of foods from all food groups in appropriate proportions. This ensures that your body receives the necessary nutrients, vitamins, and minerals it needs to function optimally.

Fruits and vegetables are a **cornerstone** of a balanced diet, providing essential vitamins, minerals, and antioxidants. They help reduce the risk of chronic diseases such as heart disease, diabetes, and certain cancers. Including a variety of colorful produce in your diet ensures you get a range of nutrients.

Whole grains are another important component, rich in fiber, **which** aids digestion and helps regulate blood sugar levels. They also provide B vitamins, iron, and magnesium. Incorporating whole grains like brown rice, quinoa, oats, and whole wheat bread into meals can provide these benefits.

Protein is necessary for building and repairing tissues, supporting immune function, and hormone production. Lean sources of protein like poultry, fish, beans, and nuts should be included in a balanced diet to reduce intake of saturated fats and cholesterol.

Healthy fats, found in avocados, olive oil, nuts, and fatty fish, are crucial for brain function, hormone production, and maintaining healthy skin and hair. They should be consumed in moderation due to their calorie density.

Hydration is also vital for a balanced diet, as water is essential for digestion, nutrient absorption, and regulating body temperature. Aim for at least eight glasses of water per day, adjusting based on individual needs.

By prioritizing whole, nutrient-rich foods and staying mindful of portion sizes, you can support your health with a balanced diet.

Question 29: What is the main topic of the passage?

- A. The importance of food groups in keeping fit
B. Strategies for organizing a balanced diet
C. Challenges facing people in maintaining a balanced diet
D. The significance of a balanced diet for overall health

Question 30: What does the word "**cornerstone**" in paragraph 2 mostly mean?

- A. essential factor B. dietary supplement
C. nutritional value D. common necessities

Question 31: What does the word "**which**" in paragraph 3 refer to?

- A. whole grains B. fiber
C. nutrients D. component

Question 32: Which of the following is a role of protein in a balanced diet?

- A. Building and repairing tissues
B. Providing essential vitamins and minerals
C. Supporting hydration
D. Promoting healthy fats

Question 33: Which of the following is NOT mentioned as a benefit of hydration to our body?

- A. Without a sufficient intake of water, the digestive system may struggle to effectively break down food.
- B. Adequate hydration facilitates the transport and absorption of nutrients throughout the body.
- C. Proper hydration promotes efficient waste removal and detoxification processes.
- D. Hydration contributes to regulating body temperature, ensuring optimal physiological function.

Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the questions from 34 to 40.

Social media has revolutionized how we communicate, connect, and consume information. Platforms like Facebook, Twitter, and Instagram have become central to our daily lives, shaping our interactions and influencing societal trends.

One of the most significant impacts of social media is its ability to connect people across the globe. Through these platforms, individuals can maintain relationships, forge new connections, and find communities that share their interests and values.

This interconnectedness has transformed the way we form relationships, **blurring** the lines between physical and virtual interactions.

Moreover, social media has opened up information sharing, allowing anyone with internet access to become a content creator and distributor. This has empowered individuals to voice their opinions, share their experiences, and participate in public discourse on a global scale. Social media has played a pivotal role in driving social movements, raising awareness about important issues, and holding institutions accountable.

However, social media also presents challenges and concerns. The commodification of personal data, privacy breaches, and the spread of misinformation are prevalent issues that have sparked debates about online ethics and regulation. Furthermore, the addictive nature of social media, fueled by algorithms designed to maximize user engagement, has raised concerns about its impact on mental health and well-being, particularly among younger generations.

Despite these challenges, social media remains an **indispensable** tool for communication, expression, and connection in the digital age. It influences every aspect of society, from politics and activism to business and entertainment. Therefore, it is crucial to recognize both the opportunities and pitfalls of social media and work towards harnessing **its** power for positive change.

Question 34: Which of the following could be the best title for the passage?

- A. Social Media's Effects on Society
- B. Understanding the Pros and Cons of Social Media
- C. The Power of Social Media in Today's World
- D. The Changing Face of Communication: Social Media's Impact

Question 35: The word "**blurring**" in paragraph 2 is closest in meaning to _____.

- A. obscuring
- B. sharpening
- C. enhancing
- D. postponing

Question 36: Which of the following is NOT stated in paragraph 3?

- A. Social media platforms help the dissemination of information to a wide audience.
- B. Individuals can express their opinions and share personal experiences on social media platforms.
- C. Social media platforms actively discourage engagement in public discourse on a global scale.
- D. Social media helps raise people's awareness about important matters.

Question 37: According to the passage, social media _____.

- A. helps connect people having different perspectives
- B. has little potential to put users' privacy at risk
- C. is programmed to get people interested in their well-being
- D. has a significant impact on societal trends

Question 38: The word "**indispensable**" in the last paragraph is opposite in meaning to _____.

- A. mandatory B. replaceable C. redundant D. necessary

Question 39: The word "**its**" in the last paragraph refers to _____.

- A. opportunity B. social media C. pitfall D. work

Question 40: It can be inferred from the passage that _____.

- A. individuals use Facebook primarily for entertainment rather than meaningful communication
B. social media encourages people to focus on personal growth in the digital age
C. older generations use social media more frequently than youngsters
D. social media platforms enable users to stay updated with current world events
