

Music Math

Quaver = $\frac{1}{2}$ (half) a beat

Crotchet = 1 beat

Crotchet Rest = 1 beat

Beamed Quavers = 1 beat

Minim = 2 beats

Add up the number of beats and put the total in the box provided.

1. $\text{Quaver} + \text{Crotchet} + \text{Beamed Quavers} = \square$

2. $\text{Beamed Quavers} + \text{Beamed Quavers} + \text{Crotchet Rest} = \square$

3. $\text{Quaver} + \text{Beamed Quavers} + \text{Crotchet Rest} + \text{Crotchet} + \text{Minim} = \square$

4. $\text{Crotchet Rest} + \text{Beamed Quavers} + \text{Crotchet} + \text{Quaver} + \text{Quaver} + \text{Crotchet} = \square$

5. $\text{Crotchet} + \text{Quaver} + \text{Crotchet} + \text{Quaver} = \square$
