It was Friday, August 25, 2023 and it was almost midnight. I suddenly woke up and I had no idea why I couldn't sleep again. I, then, decided to turn the television on. There was the 2023 World Athletic Championships on a sport channel, so I watched it. It was the women's triple jump final.

I saw Yulimar Rojas, the Olympic champion and record holder from Venezuela was putting in a fair jump of 15.08 m. She didn't look happy that time since it was well short of her usual best but enough to take the lead. It made me shocked and I said "will she win the gold medal?". After waiting the result nervously, it's announced that she was the winner. "Yes" I said spontaneously.

I was happy to see Yulimar Rojas celebrating her win. She deserved the gold medal. She broke into tears and it made me touched. It was one of the best world championships that I ever seen.

TEXT 2

Let me remind you my experience during an earthquake last week. When the earthquake happened, I was on my car. I was driving home from my vacation to Bali.

Suddenly my car lurched to one side, to the left. I thought I got flat tire. I did not know that it was an earthquake. I knew it was an earthquake when I saw some telephone and electricity poles falling down to the ground, like matchsticks.

Then I saw a lot of rocks tumbling across the road. I was trapped by the rock. Even I could not move my car at all. There were rocks everywhere. There was nothing I could do but left the car and walked along way to my house, in the town.

When I reached my town, I was so surprised that there was almost nothing left. The earthquake made a lot of damage to my town. Although nothing was left, I thanked God that nobody was seriously injured.
