

Contact or non-contact?

Grade 3 Science Worksheet

A **contact** force happens between things that are touching.
A **non-contact** force can attract or repel things without touching them.

For each force, write **contact** or **non-contact**.

Gravity pulls you toward Earth

Hitting a ball with a bat

Static electricity pulls up your hair

Two magnets repel each other

Pedaling a bicycle

Pulling a door

**keep up the
good work**
