

Mammals

1 Answer the question. Then listen, read and check.  CD2 33

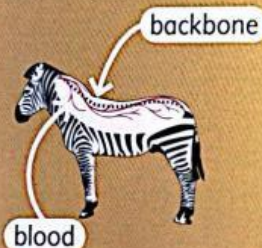

Point to the lion, the bat and the dolphin. Which are mammals?

Most mammals don't lay eggs. They have babies. They give the babies milk. Lions are mammals. We are mammals too.

Mammals haven't got feathers or scales. Lots of mammals have got hair. Some mammals have got wings. They can fly. Bats are mammals.

Mammals are vertebrates. They've got a backbone. They haven't got cold blood. They've got warm blood. Some mammals can swim. Dolphins are mammals.

2 Read and listen again. Say *True* or *False*.  CD2 33
