

Travel: Clothing for Your Trip

Are you ready to travel? What clothes should you take? Let's think about what we need for different places.

Packing for a Trip

Before we travel, we need to **pack up**. What should we put in our bag? We should put on clothes that are comfortable. If it is warm, pack T-shirts, shorts, and sandals. If it is cold, we need sweaters, jackets, and boots. Don't forget your hat and scarf for chilly days!

Clothes for the Beach

Are you going to the beach? You will need a swimsuit and flip-flops. Don't forget to put on sunglasses. The sun is very bright! When you are done swimming, dry off with a towel. Then, you can take off your swimsuit and change.

Clothes for the Mountains

The mountains can be cold. Put on warm clothes like a sweater and a coat. It may rain, so pack a raincoat. Make sure to zip up your jacket to stay warm.

Travel Tips

Always check out the weather before you go. Is it sunny, rainy, or cold? This will help you choose what to wear. Try on your clothes to make sure they fit. When you are done wearing them, hang up your jacket or fold up your T-shirt.
