

## Make the Sentence and Pronouns

Unscramble the words to make the sentence

|         |        |       |     |                                                                                      |
|---------|--------|-------|-----|--------------------------------------------------------------------------------------|
| monkey  | This   | a     | is  |   |
|         |        |       |     |                                                                                      |
| red     | is     | The   | car |   |
|         |        |       |     |                                                                                      |
| green   | I have | apple | two |   |
|         |        |       |     |                                                                                      |
| octopus | This   | an    | is  |  |
|         |        |       |     |                                                                                      |

## Personal Pronouns

Look at the picture and select the correct pronoun (**he, she, it, they**)

|                                                                                                    |                                                                                                    |                                                                                                     |                                                                                                      |
|----------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|
| <br>he she they | <br>he she they | <br>it she he   | <br>he it they  |
| <br>he it they  | <br>he she they | <br>they she he | <br>he she they |

Fill in the blank with the correct pronoun

**he – she - they**

\_\_\_\_\_ is running

\_\_\_\_\_ is teaching

\_\_\_\_\_ are studying

\_\_\_\_\_ are reading

Listen and write the sentence

he, she
