Score: / 8

5 What does her sister do? Read, look and tick (✓) or cross (X).

My sister likes communicating with people. She loves computers. She sends a lot of emails to her friends. She's got a smartphone, too. She sends texts to her friends all day. She doesn't listen to radio programmes and she doesn't watch TV programmes. She's always busy with computer games. She loves designing games and she can write code. She goes to a coding club. Last week she was in a competition to design a new game and she won! She used her own ideas for an original new game. She didn't search the Internet. Right now, she's connecting to the wifi to send messages to tell all her friends about her new game. My family is going to the beach this weekend, but my sister doesn't want to go because there isn't any wifi!
