Subject: My school

Dear Susan,

My school is in the centre of Ha Noi. The school is big and beautiful. There is a new art room and a modern computer room. The art room is on the first floor, and the computer room is on the third floor. I like surfing the Internet during break time. It is my favourite school activity because it is really helpful for my studies. I also enjoy drawing pictures in my art lessons. I particularly like drawing pictures of natural scenes in my free time.

How is your school? And what school activities do you like? Please let me know.
