

Floating through space by Sia / David Guetta

You made it through another day

You _____ it through another day

You did it, let's celebrate, oh, oh

Some days you _____ you'll break

But you made it through another day

Yeah, you _____ it, let's celebrate, oh

24/7 and 365

You made another day, made it _____

Made another day, made it alive

24/7 and 365

You made another day, made it alive

Made another _____, made it alive

So today, baby, _____ it's okay

We're all floating through space

Today, baby, remember you're okay

We're all _____ through space

Floating through, floating through

Floating through _____

We're floating through space, we're floating through space

We're floating through space

We are like grains of sand, better to be holding _____

Better to be _____ hands, oh

We are like _____ of sand, better to be holding hands

Better to be holding hands, yeah
