Read the dialog then choose the correct answer by selecting a, b, c or d in the box for next questions

- Ardi : So, what are we going to sell at the bazaar? Any ideas?
- Andre : I think we can sell wall decorations or containers to keep our stationary. We can make them from recycled materials or pre-loved goods that are still in good condition.
- Arman : Do you mean things that we don't use anymore?
- Andre : Yes.
- Arman : I have already got an idea. We could make use of water bottles we find at school.
- Rita : How about using a piece of used pipe?
- Arman : I don't think everyone can find a piece of used pipe at school, Rita.
- Ardi : Yep, I have the same opinion as Rita.
- Rita : Yep. I think you're right.
- Andre : Hey, I think we can create two products from the water bottles. We can use the bottle cap and the bottle itself.
- Ardi : What do you mean?
- Andre : What I mean is that we could make one product from the cap, and another from the bottles itself. What do you think guys?
- Ardi : I think we can try to use Andre's idea.
- Rita : I agree.
- Arman : Sure, why not?
