

What is APEC?

The Asia-Pacific Economic Cooperation (APEC) forum, established in November 1989, is an economic forum composed of 21 Asia-Pacific economies, considered the most dynamic region in the world.

The objective of APEC is to promote greater prosperity in the Asia-Pacific region through the implementation of the so-called "APEC Putrajaya Vision 2020-2040" which identifies three pillars: trade and investment; innovation and digitalization; strong, balanced, secure, sustainable, and inclusive growth.

APEC fosters quality economic growth among its members, through economic and technical cooperation, human security, trade, investment, the digital economy, economic inclusion, and support for initiatives to improve sectoral public policies, among other initiatives.

Find the word in the puzzle.

Words can go in any direction.

Words can share letters as they cross over each other.
