Dear Eleanor,

I really love living in Montreal **1)** there are so many places to visit. My two favourites are Quebec City and Mont Tremblant.

Mont Tremblant is in the mountains **2)** has some of the best ski slopes in the country. It is much quieter than Quebec City, **3)** it gets very crowded in the winter months. I love going there to ski with my friends.

Quebec City, **4)**, is much more exciting. It has a bigger population than Mont Tremblant and there are more things to do there.

5) I go there, I spend my days sightseeing and eating at some of the many restaurants. The people there are very friendly and I always have a fantastic time.

It would be great if you could come here. The best time to visit is in the winter. We could spend a few days skiing in Mont Tremblant **6)** then go to Quebec City. Let me know if you can make it.

Take care,
Russell
