Obesity in American Schools	
	<p>[A] Why are there so many obese kids and adults in America? It is not only because <sup>1</sup> _____ technology and fast food restaurants- schools are also to <sup>2</sup> _____. The USA is the third <sup>3</sup> _____ country in the world with 66.7% of <sup>4</sup> _____ students obese. Following are four shocking <sup>5</sup> _____ for that.</p>
Body (causes of obesity)	<p>[B] Take my school for example! Our <sup>6</sup> _____ serves greasy pizza, French fries, fatty burgers, chocolate milk, deep fried chicken nuggets, and sugary drinks. Schools all <sup>7</sup> _____ the country are serving us the same unhealthy food, which contributes to <sup>8</sup> _____ obesity.</p>
	<p>[C] The lack of physical exercise is <sup>9</sup> _____ cause. A big number of schools don't offer bike racks and require <sup>10</sup> _____ to come by bus or to be driven by cars. Additionally, a lot of schools don't have a sports hall, <sup>11</sup> _____ on the frequent rainy and windy days, students stay in a regular classroom.</p>
	<p>[D] Would you believe that homework can also contribute to obesity? <sup>12</sup> _____ we have so much homework that we sometimes don't have <sup>13</sup> _____ to go outside and play. Instead, we would take frequent <sup>14</sup> _____ to have snacks.</p>
	<p>[E] One <sup>15</sup> _____ reason has to do with <sup>16</sup> _____ stressful atmosphere at most schools. Unfortunately, most counsellors don't do much to lower the tension caused by the long lessons, numerous exams, <sup>17</sup> _____ bullying. This leads a big number of students to end up putting on weight because they sleep longer hours and exercise <sup>18</sup> _____.</p>
	<p>[F] In conclusion, American schools are <sup>19</sup> _____ for teen obesity and if they don't address these causes, we will have serious health <sup>20</sup> _____ and bad school results.</p>
