How to Be a Responsible Computer User?

BE ORGANISED

- Keep your documents in order.

Create/Open a new folder for every subject or activity.

- Save each **icon / file** under an easy to understand name (eg. English_mail_holidays)

STAY FOCUSED

- When you go **online / offline** to find some info, don't waste time, keep to your plan
- Don't spend too much time on **social / friend** media

STAY SAFE

- Use **passwords / data** that are not easy to guess
- Don't open **attachments / email** from people you don't know.
- Install an anti-virus **software / reader** on your computer.

Listen to 4 speakers and choose A or B

1. A has no anti-virus programme
B doesn't trust her anti-virus programme
2. A was hacked
B forgot his password
3. A isn't confident about using some technology
B can easily change the settings on her devices
4. A was looking for that particular vlog
B discovered the vlog by chance
