Math symbols

+ plus

5 + 2 = 7

five **plus** two **equals** seven

= equals

÷ divided by

6 / 2 = 3

six **divided by** two **equals** three

✕ multiplied by

5 ✕ 2 = 10

five **multiplied by** two **equals** ten

Hmmm

▬ minus

5 − 2 = 3

five **minus** two **equals** three

Numbers

0 : zero	11: eleven	30: thirty	100: one hundred
1 : one	12: twelve	34: thirty four	102: one hundred two
2: two	13: thirteen	40: forty	200: two hundred
3: three	14: fourteen	42: forty two	300: three hundred
4: four	15: fifteen	50: fifty	400: four hundred
5: five	16: sixteen	58: fifty eight	500: five hundred
6: six	17: seventeen	60: sixty	600: six hundred
7: seven	18: eighteen	70: seventy	1.000: one thousand
8: eight	19: nineteen	80: eighty	50.000: fifty thousand
9: nine	20: twenty	89: eighty nine	300.000: three hundred thousand
10: ten	21: twenty–one	90: ninety	1'000.000: one million

Name: _____ Date: _____

I. Put the correct <u>spelling</u> of the results.

Ex: 540 x 8 = **four thousand three hundred twenty**

- 10.000 − 8.000 = _____
- 54 / 6 = _____
- 750 x 5 =_____
- 3.000 + 500 = _____

II. Put the <u>spelling</u> of the numbers, the maths symbols and the result.

Ex: 120 x 5 = 600 – **one hundred twenty multiplied by five equals six hundred**

- 840 / 8 = 105 _____
- 67 x 3 = 201 _____
- 60.548 : _____
- 245.120 :_____

III. Put the result in <u>numbers.</u>

Ex: Eight hundred / eight = **100**

- two hundred four + nine hundred = _____
- four hundred thirty two – three hundred and six = _____
- Eight hundred / four = _____
- Eighty nine x twelve = _____
