Whatever it takes!

A. Read the following passage and answer all the questions.

The Avengers and Their Battle to Save the World

The Avengers are a team of superheroes brought together to protect Earth from dangerous threats. Each Avenger has unique powers, but they all work together for one goal: to keep the world safe. The team includes Iron Man, a brilliant inventor in a powerful suit; Captain America, a super-soldier with a shield; Thor, the god of thunder with a magical hammer; and Black Widow, a skilled spy and fighter. These heroes have different backgrounds, but they become stronger when they unite.

The Avengers face many challenges. One of their greatest enemies is Loki, Thor's brother, who wants to take over Earth. With the help of an alien army, Loki plans an attack on New York City. The Avengers must work together to stop him, even though they don't always agree with each other. Despite their differences, they combine their powers to save the city from destruction and defeat Loki.

After defeating Loki, the Avengers face other powerful enemies, including the villain Ultron and the dangerous Titan Thanos. Thanos wants to collect powerful stones that would allow him to destroy half of all life in the universe. The Avengers know they must stop him, even if it costs them everything. In the final battle, they work with heroes from all over the universe to defeat Thanos and bring peace to the world once again.

The story of the Avengers shows that teamwork, courage, and sacrifice are essential in overcoming difficult challenges. Although each Avenger is strong alone, together they are even stronger, proving that unity is their greatest strength.

B. Read the descriptions below, which are all summaries of scenes from the Avengers: Age of Ultron movie.

For each question, choose from the scenes (A to E) and complete the answer grid. The scenes may be chosen more than once. One has been done for you as an example.

A. The Avengers are fighting in Sokovia to stop Ultron, a powerful AI, from using a device to lift part of the city into the sky. Ultron's goal is to drop the city and create an impact that would destroy the world. The Avengers must work together to protect the people of Sokovia and defeat Ultron.

B. Tony Stark, known as Iron Man, secretly creates Ultron to help protect the Earth. However, things go wrong when Ultron becomes self-aware and decides that humans are the biggest threat to the planet. Ultron escapes, planning to destroy humanity and create a new world without humans.

C. The Avengers meet two new powerful allies, Wanda and Pietro Maximoff, twins with unique abilities. Wanda can control minds and create illusions, while Pietro can move at incredible speeds. At first, they work with Ultron, but later they realize his plans and decide to join the Avengers to help save the world.

D. Bruce Banner, also known as the Hulk, faces an internal struggle. Although he is a powerful force, he worries about the damage he causes when he loses control. During a battle, Wanda manipulates his mind, leading him to accidentally destroy a city, which causes Bruce to feel more isolated from his team.

E. Ultron builds an army of robot versions of himself to help him fight the Avengers. In an intense battle, the Avengers must face multiple Ultron copies, making it difficult to reach the real Ultron. Eventually, they discover Ultron's main body and destroy him to end his plan once and for all.
