

# NATURAL DISASTERS

**NAME:**

**Part 1: Choose the correct option for each question**

1- What is a natural disaster?

a) A man-made event causing damage.

b) A natural event causing significant damage to life and property.

c) A minor environmental change

d) A weather prediction

2- Which of the following is NOT considered a natural disaster?

a) Earthquake

b) Flood

c) Tornado

d) Traffic jam

3- What is the main cause of tsunamis?

a) Heavy rainfall

b) Underwater earthquakes

c) Strong winds

d) Volcanic eruptions on land

**Part 2: Match the terms with their definitions**

a) A rotating column of air with high wind speeds.

1- Earthquake

b) A sudden shaking of the ground caused by tectonic movement.

2- Tornado

c) A large sea wave caused by underwater disturbances.

3- Tsunami

d) The release of molten rock and gases from a volcano.

4- Volcanic eruption

# NATURAL DISASTERS

**Part 3: Complete the sentences using the correct words:**

- 1- A \_\_\_\_\_ is a powerful storm with a funnel-shaped cloud.
- 2- The 2004 \_\_\_\_\_ in the Indian Ocean caused widespread destruction.
- 3- When a \_\_\_\_\_ occurs, the ground shakes due to tectonic activity.

**Part 4: Organize the steps to prepare for an earthquake:**

- |   |                                      |
|---|--------------------------------------|
| <div style="border: 1px solid black; border-radius: 50%; width: 60px; height: 60px; display: flex; align-items: center; justify-content: center; margin: 0 auto;"><div style="border: 1px solid black; border-radius: 50%; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center;">1</div></div> | Find a safe spot                     |
| <div style="border: 1px solid black; border-radius: 50%; width: 60px; height: 60px; display: flex; align-items: center; justify-content: center; margin: 0 auto;"><div style="border: 1px solid black; border-radius: 50%; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center;">2</div></div> | Practice "Drop, Cover, and Hold On." |
| <div style="border: 1px solid black; border-radius: 50%; width: 60px; height: 60px; display: flex; align-items: center; justify-content: center; margin: 0 auto;"><div style="border: 1px solid black; border-radius: 50%; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center;">3</div></div> | Identify emergency exits.            |
| <div style="border: 1px solid black; border-radius: 50%; width: 60px; height: 60px; display: flex; align-items: center; justify-content: center; margin: 0 auto;"><div style="border: 1px solid black; border-radius: 50%; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center;">4</div></div> | Secure heavy furniture to walls.     |

# NATURAL DISASTERS

**Part 5: Watch this 1-minute video about earthquakes and answer the questions.**

- 1- What are the main causes of earthquakes?
- 2- What safety tips are mentioned in the video?

**Part 6: Read the paragraph and answer the questions.**

Tsunamis are massive waves caused by underwater earthquakes, volcanic eruptions, or landslides. They travel at high speeds and can cause devastating damage to coastal areas. Warning systems have been developed to minimize the loss of life.

**Questions:**

- 1- What causes tsunamis?
- 2- How do warning systems help?

# NATURAL DISASTERS

## Part 7: Speaking activity

1- Describe a natural disaster you have experienced or learned about. Record your voice (1 minute).

2- Explain how communities can prepare for natural disasters. Record your answer (1 minute).

## Part 8: find all the words

Name: \_\_\_\_\_
