Activity #4.

Match Activity: “Find the correct couple.”

The screenshot shows a "Match Activity" interface. On the left, there are eight text boxes with descriptions: "Has four equal sides and four corners", "Activity where you fit shapes into a larger one", "A shape with three sides", "Has four sides with opposite sides equal and parallel", "Lacks one or more critical attributes", "Can combine two of these to make a rectangle", "Shapes in drawings or classroom objects", and "Helps children understand spatial relationships". On the right, there are eight corresponding images: a square, a triangle, a set of colorful blocks, a rectangle, a set of colorful blocks, a set of colorful blocks, a set of colorful blocks, and a set of colorful blocks. A timer at the bottom left shows "00:03".
