The gift shop was fantastic and we bought some nice souvenirs. I had a great time!

I hope you are well. I've got great news to tell you.

Yours,

Joe

Dear Nathan,

Last week my class went to the transport museum to see the trains. We got inside a tube train and saw how it works. The driver was really nice and cool!

That's all for now.

We also saw the buses and trains of old days. The Victorians had buses pulled by horses but they didn't have real horses in the museum.
