3, Look at the picture and answer the questions.

School things				
				
16 150 dong	9 870 dong	17 900 dong	42 500 dong	23 560 dong

- a, How much total are the pen and the ruler? _____
- b, What can you buy if you have 40 000 dong? _____
- c, Which is more cheaper, the pencil case or the stapler? _____
- d, Arrange the school things from the cheapest to the most expensive.
- _____

4, Solve the problem.

Mom gave Hoa an allowance of 100 000 dong for 5 days of a week, but she only spent 8 000 dong each day and she saved the rest. How much did she save after 5 days?

Solution

The money Hoa spent after 5 days is:

$$8\ 000 \times 5 = \dots\dots\dots \text{ (dong)}$$

The money Hoa saved after 5 days is:

$$100\ 000 - \dots\dots\dots = \dots\dots\dots \text{ (dong)}$$

Answer: dong
