Save our planet!

A lot of the food we buy comes from other cities or countries. The transport that brings this food to our supermarkets causes (1)

We need to try and shop locally whenever possible. Another thing that will help the (2) is if we use (3) ways to grow food.

That means (4) everyone to stop using too many dangerous chemicals, which are a danger to our health, and to the health of animals and birds too. I think we should (5) dangerous chemicals completely. I'd like to start a (6) about that.
