I went with you up to the place you grew up in  
We spent a week in the cold  
Just long enough to (1) \_\_\_\_\_ it with you  
Any longer, it would've got old  
Singin' (2) " \_\_\_\_\_ " when (3) \_\_\_\_\_ died  
But nothing's changed, (4) \_\_\_\_\_'s alright  
I'm sleepin' in my bed again and gettin' in my head  
And then, walk around the reservoir

[Chorus]

You, you must've been looking for me  
Sendin' smoke signals, pelicans circling  
Burning trash out on the beach

One of your eyes is always half-shut  
Somethin' happened when you were a kid  
I didn't know you then and I'll never understand  
Why it feels like I did  
(5) " \_\_\_\_\_ " in an (6) \_\_\_\_\_ sedan  
You slept inside of it because your dad  
Lived in a campground in the back of a van  
You said that song will creep you out until you're dead

[Chorus]

I wanna live at the (7) \_\_\_\_\_  
Where somebody else makes the bed  
We'll watch TV while the lights on the street  
Put all the stars to death  
It's been on my mind since (8) \_\_\_\_\_ died  
Just checkin' out to hide from life  
And all of our problems, I'm gonna solve 'em  
With you riding shotgun, speeding 'cause \* the cops

[Chorus]

I buried a hatchet, it's comin' up lavender  
The future's unwritten, the past is a corridor  
I'm at the exit, looking back through the hall  
You are anonymous, I am a concrete wall

[Verse 1]

Once upon a time in (1) \_\_\_\_\_  
When (2) \_\_\_\_\_ called my name  
I stood up, the room exploded, and I  
Knew that's it, I'll never be the same  
That's when the doors swung open  
And a voice said, "We're glad you came"  
Now I've spent (3) \_\_\_\_\_ on you, darling  
All the hotels and the jets  
And I'd pay it all again to have your golden body  
back in my bed  
But I don't miss the poison arrows aimed directly  
at my head

[Pre-Chorus]

Goodbye to all the bottles, all the models  
Bye to the clouds in the skies that all hold no rain

[Chorus]

Don't want that California love  
Don't want that California love  
Don't want that California love

[Verse 2]

Oh, once upon a time, the (4) \_\_\_\_\_ store  
Was where my world began  
All that mystery and beauty gleaned from desert  
flowers and gifted children  
But it got hard to grow up with your cool hand  
around my neck  
Now in my (5) \_\_\_\_\_, sunbathing  
My girlfriends and my baby  
But every time I smell (6) \_\_\_\_\_  
The garden grows up in my mind again

Second song

[Pre-Chorus]

Goodbye to all the bottles, all the models  
Bye to the kids in the lines for the new  
(7) \_\_\_\_\_

[Chorus]

[Outro]

(Hmm) It's just a dream  
(Hmm) It's just a dream  
(Hmm) It's all just a dream  
(Hmm) I wanna wake up, I wanna wake up
