VII. Read the text and do the tasks.

Many people in Qatar and around the globe care deeply about the environment and want to make sure that their beautiful country stays clean and healthy. In Qatar, they know that small actions, like turning off the tap while brushing their teeth, can make a big difference in saving water. Children in Qatar also learn about the importance of protecting the environment at school. They plant trees, pick up litter, and even turn off lights when they do not use.

A. Read and circle True or False.

- | | | |
|---|-------------|--------------|
| 1. Only people in Qatar care about the environment. | True | False |
| 2. Turning off the tap while brushing teeth can save water. | True | False |
