READING

K. Read. Then circle. _____/3

Animals and insects are cool.

A butterfly is an insect. It has beautiful wings. It can be many different colors! Butterflies taste with their feet.

Look at the snake. It's long! Its body is about four meters from its head to its tail. It has a big mouth. Baby snakes hatch from eggs.

An elephant is a very big animal. A mother elephant gives milk to her baby. Elephant babies are big. Elephants stand when they sleep!

Do you like animals and insects?

1. Is the butterfly an insect? _____
2. Does the snake have a small mouth? _____
3. What animal has different colors? _____
