

Dear Santa,

Hello! My name is Alex, and I am a first-year student. I hope you are doing well at the North Pole. I am writing to you because I want to tell you about my year and what I would like for Christmas.

This semester, I am studying hard at MISIS. I have many classes, and I enjoy them. I learn English, Math, and Science. I like my English class the most because I want to speak with people from different countries. I am also making new friends. We play games and study together. It is fun!

Last week, we had a big project in our Science class. We worked in groups, and we made a model of the solar system. It was exciting! My group did very well, and our teacher liked our work. I feel proud of what we created. I think I might want to be a scientist one day.

For Christmas, I am going to ask for some books and a new backpack. I love to read, and I think the books may help me learn more. A new backpack might be nice because my old one is very small now.

Thank you for reading my letter, Santa!
I hope you have a safe trip around the world.

Best wishes,

Alex
