

During summer, my family and I love to go on a **cruise** or **camp** at our favorite **campsite**. Last weekend, we decided to go camping. The **campsite** had great **facilities**, like a pool and a playground. We even had a chance to **hire** some **ice skates** for the nearby rink. At night, we had a **barbecue** and then played **chess** under the stars. My brother is really **keen on** playing **chess**. Meanwhile, I prefer **jogging** in the morning to **keep fit**. On rainy days, I like to go to the local **club** to **hang out** with friends or visit an art **gallery** to admire paintings. I am also interested in **fiction** books and often get a new one every time I see a book **magazine**. Recently, I started a hobby to **collect** dolls. My **doll collection** is small, but I'm excited to see it grow. My best friend is interested in music; she has an old **CD player** and spends hours listening to her favorite albums. I think having hobbies is important. They let us relax and enjoy our free time. Whether you like to **hike**, **join in** with friends, or simply relax, there's always something fun to do.
