

I gotta wash my hands

Oh, yeah, I touched that something,
I think you understand.
Now I need a scrubbin',
I gotta wash my _____.
I gotta wash my hands.
I gotta _____ my hands.

Don't sneeze next to me.
Watch where those droplets land.
To freeze this disease,
I gotta wash my hands.
I gotta wash my hands.
I gotta wash my hands.

'Cause if I catch it,
I'll feel _____ inside.
I even want my latex _____
sanitized, sanitized, sanitized.

Yeah, I learning this one thing,
the 20-second plan.
Now my _____'s runnin',
I gotta wash my hands.
I gotta wash my hands.
I gotta wash my _____.

'Cause if I catch it,
I'll feel crappy inside.
I even want my latex gloves
sanitized, sanitized, sanitized.
