

Let's see what we have learned so far...

launched	2018	founded	engineers	science
satellite technology	2015	space industry	sold	

In the Mohammed bin Rashid Space Centre (MBRSC) was
 by Sheikh Mohammed bin Rashid in Dubai to
support and technology in the Emirates.

The centre, and its 68 , want to create a new
in the Emirates.

Its projects include the Emirates Mars Mission and . Dubai and
Abu Dhabi have both two satellites into space and the MBRSC is
preparing to launch a fifth satellite, KhalifaSat, in .
