In the UK, all pupils have to do physical education at school until they are 16. Here are some traditional and new team sports played at school that you might not know.

Netball: There are two teams who compete in this sport. Each team has seven players, and goals are scored by kicking the ball into the goal. It is similar to basketball, but there's no running with the ball. Most females take part in this sport at UK schools.

Dodgeball: In this team sport, players try to hit the other team's players with the ball by throwing it at them. You are out if the ball hits you! The balls are soft, and many balls are used together.
