- A. human B. useful C. repair D. future
- A. heavy B. reuse C. bottle D. plastic

II. Complete the following passage by filling in the gaps with suitable words from the box. There is one extra word you do not need to use.

- materials decorate reuse metal bags reusable

If we want to make an impact in the fight against waste and pollution, one of the best things we can do is recycling. It is the process of making something new out of the old (1) _____. For instance, bottles, cans, cardboard, glass, (2) _____, and paper can be used to create other products. With a little creativity, there are a ton of different ways to (3) _____ things. For example, recycled materials from soda and water bottles, as well as other plastic (4) _____, can be used in science and art projects. Broken crayons can also be made into lovely candles that you can give to family members and teachers, or even (5) _____ your room. It's also a great way to use old jars as tea light candle holders for special occasions.
