SOL5 City Life

#05

Life in Tokyo: The World's Busiest City

Tokyo, the (1)..... of Japan, is one of the busiest and most populous cities in the world. With over 37 million people in the greater Tokyo area, it is a city full of lights, energy, and life. From tall skyscrapers to quiet traditional gardens, Tokyo is a mix of old and new.

Getting Around in Tokyo

Transportation in Tokyo is fast and well-organized. The city has one of the best (2)..... systems in the world, with subways and trains running on time. Many people use trains and buses to get around because cars are often stuck in traffic. Rush hour can be very crowded, but people are polite and follow rules. For example, they wait in line for trains and avoid talking (3)..... on mobile phones to keep the atmosphere calm.

Where People Live

Tokyo has many different areas to live in. In the suburbs, there are houses and quieter streets where families live. In the (4)....., the city is busier, with apartment buildings near offices, (5)....., and restaurants. Some people live in very small apartments because space is limited, but everything you need is nearby.

Tourism and Entertainment

Tokyo is a favorite city for tourists. You can visit the *Tokyo Skytree* for a great view of the city or explore the historic *Senso-ji Temple* in Asakusa. *Shibuya Crossing*, the busiest pedestrian crossing in the world, is a must-see. For (6)....., there are trendy streets like *Harajuku* and giant department stores in *Ginza*. If you like anime and video games, *Akihabara* is the place to go. Food lovers will enjoy (7)....., ramen, and delicious Japanese snacks.

Life in Tokyo

Tokyo is a clean and organized city. People do not litter, and trash bins are hard to find, so they carry their trash home. The city can be fast-paced, but people are kind and follow social rules, like bowing and keeping public spaces (8).....

Pros and Cons of Tokyo

Living in Tokyo means you can enjoy exciting events, amazing food, and new (9)..... However, it can also be expensive and crowded. Life here is different from small towns, where people have more space and time to talk.

Tokyo is a unique city that combines modern life with Japanese traditions, making it a fascinating place to live or (10).....!
