HOMEWORK: Lesson 14

I. Read and write

People can have different problems from the weather, both in the winter and in the summer.

In the winter children like playing with snow and go skiing. But they must be very careful because it's easy to fall and break a leg. Often, there is ice on the ground. Also the weather is very cold and it's very easy to get ill.

In the summer, it can be dangerous to stay on the beach for many hours without wearing sunglasses because we can have problems with our eyes. Also we can have a headache if we don't wear a hat on our head. In the summer, we wear T-shirts or shorts, so the insects that fly in the air can bite our arms and legs and this can make us ill.

The weather can also change the way we feel. If it's rainy or cloudy we may feel sad and if it's sunny and warm we usually feel happy.
