

Lily and the snowman

Stay with me,
My love I hope you'll always
Right here by my side if ever I needed you

year

Oh my love
I will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing

now

With the dark,
I see so very clearly
All my fears are drifting by me so slowly now
Fading

be

I can say
The night is long but you are here
Close at hand, I'm better for the smile you give
And while I

live

nights

I will follow you will you follow me
All the days and that we know will be

I will follow you will you follow me

away
