

Read the text. Then complete the task.

Who doesn't like shopping? I like everything about shopping. It makes me happy all the time. I actually like shopping for many reasons.

First, shopping is my favorite hobby. I like to spend time in the big supermarket near my home. I usually go there every Sunday. I go shopping with my children Amal and Noor. They like shopping, just like me. Although, they spend a lot of money in chocolate and playing. However, I don't mind that since it makes them happy. Amal likes buying ice-cream a lot when we go shopping, but her sister Noor is interested in toys. She has more than 100 toys!!

Another reason why I like shopping is to meet my friends. Every weekend, I go to Muscat and spend all my time at the malls. Muscat has many big malls and supermarkets. However, Lulu is the best one for me. When I go to Muscat, I meet my friend Muna. She likes to spend her money on clothes and shoes.

Moreover, we like shopping because of the good cafes and restaurants at the malls. They offer the sweetest drinks. I don't like to eat in the supermarkets, but my friend does. She likes to eat pizza and burger. Her favorite restaurant is MacDonald.
