ASTROLOGY - FINDING YOUR PERSONALITY IN THE STARS

Why do you act the way you do? What is the secret to your emotions? Where does your personality come from? Is it nature or nurture? Genetics or the environment? Or could it be the sun and the stars?

Some people think that birth order influences personality, but many others believe that the day you were born on influences your personality. These people believe in astrology. They believe that the sun and the stars influence human personality and events.

Astrology may be a way to understand human personality. Or it may be a false science. But millions of people around the world read their astrological horoscope every day—just in case!
