### **Historical Place and Tourism Object**

Venice is a city in northern Italy. It has been known as the Queen of the Adriatic, City of Bridges, and The City of Light. The city stretches across 117 small islands in the marshy Venetian Lagoon along the Adriatic Sea in northeast Italy.

Venice is world famous for its canals. It is built on an archipelago of 117 islands formed by about 150 canals in a shallow lagoon. The islands on which the city is built are connected by about 400 bridges. In the old centre, the canals serve the function of roads, and every form of transport is on water or on foot.

You can ride gondola there. It is the classical Venetian boat which nowadays is mostly used for tourists, weddings, funerals, or other ceremonies. Now, the most Venetians travel by motorized waterbuses which play regular routes along the major canals and between the cities islands.
