Assignment 7: Create pie chart

Complete the table and draw a pie chart to show the data.

$$Degrees = \frac{percentgae\%}{100} \times 360°$$

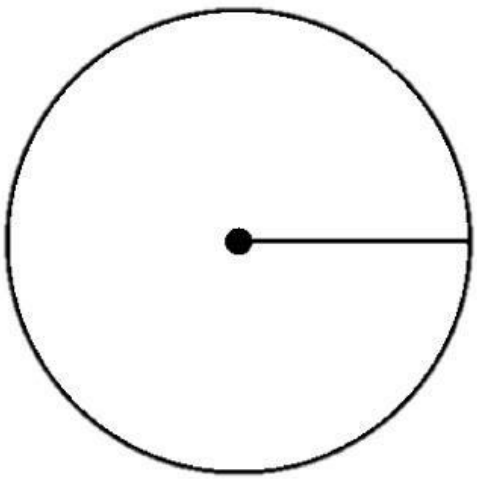

Example1. The pie chart shows Sara's monthly expenses

Items	Percentage of expenses	Degrees
Food	25%	90°
Education of children	20%	
Clothing	10%	36°
Household expenses	15%	54°
Savings	30%	
Total		

2. The pie chart shows the number of students favorite sport.

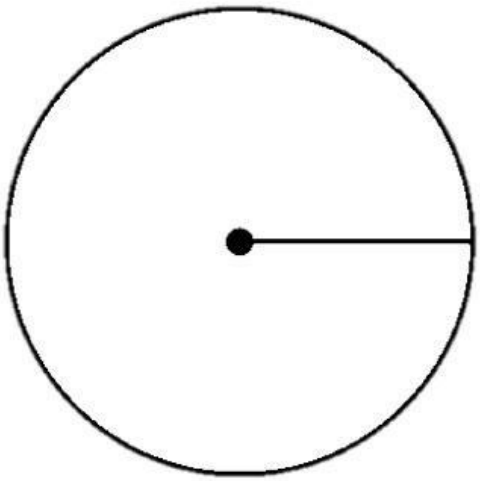

Favorite pet	Percentage of students	Degrees
Dog	40%	
Cat	35%	
Fish	10%	
Tiger	15%	
Total
