

# Sum It Up!

When you're done, use the answer key to check and revise your work.

The blue part of each summary statement is incorrect.  
Write words to replace the blue parts.

1

A plain is very **hilly** land.

2

A plateau is different from a plain because plateaus are **lower** than the nearby land.

3

A valley is **up high** between hills or mountains.

4

A canyon is different from a valley because a canyon is surrounded by **shallow** beaches.

5

A mountain is often a very **short** and **rounded** landform.

6

A hill is different from a mountain because a hill is **higher** and **more jagged**.
