

EMBARRASSING STORY

1. Read the passages and organize the story in the correct order.

He came here with my brother. He was staring at me as I was sitting on the floor with my shorts and panties down and my legs open and toilet paper around me!	
I came out of the bathroom with my shorts and panties around my ankles and I went to the closet to get more toilet paper.	It was like time stopped because neither of us moved or said anything.
The toilet paper had finished so I had to get more.	As soon as I got it,
I walked back to the bathroom and then I heard someone coming up the stairs.	Not enough toilet paper!
He went back downstairs and I went back to the bathroom completely humiliated.	The person who had come up was my crush!!
This happened a few weeks ago and I still can't look him in the eye whenever I see him.	Since no one else was home (or so I thought),
I was at home and I was on the toilet.	I tried to run so they wouldn't see me but I ended up falling down.
