

**Pros and cons of using Artificial Intelligence in classes**

**Write 4-5 sentences mentioning the advantages and disadvantages of AI use for teaching and learning. Use conjunctions ( although, while, whereas) to show the contrast.**

**Although**

**Although** means "in spite of something". It can be used at the beginning or in the middle of a sentence, but it doesn't have a comma afterwards.

**Examples**

- **Although** it rained all day, we enjoyed the football match very much.
- She failed in the math exam, **although** she studied very hard.

**WHILE**

**While** is a conjunction. It links two ideas that contrast with each other.

**Examples**

- **While** you help her, she doesn't help anyone.

## English Grammar

**Whereas**

**Whereas** links two ideas that contrast with each other. It is a conjunction. It is used to highlight an important difference between two similar things or facts.

**Examples**

- **Whereas** we did all the job, they enjoyed themselves.
- He is careful, **whereas** I take risks.
