

# Book 4 – Green Earth Project Week

## Worksheet 6c

Date: \_\_\_\_\_

( \_\_\_\_\_ )

### A. Read the passage. Then read the questions below and choose the correct answer.

Last Saturday, Rose, Betty and I started to plan a new machine to make Joe big again. First, we went back to the library. We found out how to build a machine to make small things bigger.

After that we drew a plan of our machine. Next, we built the machine with cones and cans. Then, we put Joe in it. Then Betty turned it on and we said, “Bing and bang, bing and bang, make Joe bigger as fast as you can.”

Oh no! Joe stayed in the machine too long. He jumped out and was as big as a giant! We started on a new machine.

1. When did the children start planning a new machine?

Saturday

Sunday

Monday

2. What did the children use, to make the machine?

Cones

Cans

Cones and cans

3. How did the children learn to build a machine?

They watched TV

They read books
