

Digital Life: Our Daily Habits

Many people today (1) _____ photos and videos to (2) _____ internet to share with friends. Some even (3) _____ old posts to keep their profiles clean. Have you ever (4) _____ an app that you didn't really need? Last week, I (5) _____ three new apps, but I only use one of them now.

It is important to have a different (6) _____ for each website you use. Some people often forget their passwords, so (7) _____ write them down in a notebook. A few days ago, I accidentally (8) _____ an important (9) _____ from my laptop, and I couldn't recover it!

I rarely listen (10) _____, but my friend often shares (11) _____ to interesting ones. Have you ever done (12) _____ for your own name online? I tried it once and found some surprising information! Also, last month, my computer got (13) _____ because I clicked on a suspicious link. Now, I am much more careful when browsing websites.
