

# HERITAGE

**Task 1: Listen to the conversation and tick the correct option True (T) or False (F).**

**Question 1:** Janie is signing up to volunteer for an organization that helps protect the oceans.

- A. True
- B. False

**Question 2:** The environmental group meets twice a week at a community center in town.

- A. True
- B. False

**Question 3:** Mr. Milk told Janie about the organization in her history class.

- A. True
- B. False

**Question 4:** The organization raises money to protect jungles from deforestation and other threats.

- A. True
- B. False

**Question 5:** Neil sold plastic bags and disposable cups to help reduce waste in the oceans.

- A. True
- B. False

**Task 2:** Listen to the conversation and fill in the blanks with no more than three words.

Neil: Hey Janie, what are you doing?

Janie: Oh! Hi, Neil! I'm just filling out the (1) \_\_\_\_\_ . I'm going to volunteer with the local environment for charity. They meet twice a week at the community center in town.

Neil: Really? How did you hear about that organization?

Janie: Mr. Milk just told me about it in (2) \_\_\_\_\_ . It's a group that helps to protect the planet's jungles. That's so important, not just because they reduce global temperatures but also because they are homes for wildlife. As a matter of fact, the Earth's jungles are home to 80% of its animals, plants, and (3) \_\_\_\_\_ .

Neil: That's amazing! So what does the group do?

Janie: Well, they raise money to protect these places from forest fires, farming, and deforestation. They also run (4) \_\_\_\_\_ campaigns to show people how to reduce their carbon footprint and fight global warming.

Neil: Last summer, I volunteered with another group. I helped raise awareness about the melting ice caps and sold (5) \_\_\_\_\_ to reduce plastic waste in our oceans.
