

Now to Anna Delvey, the convicted con artist who's portrayed in the popular Netflix show *Inventing Anna*. She has lost her battle to stay in the U.S. after completing her prison \_\_\_\_\_. Deborah Roberts has the story. Good morning, Deborah.

Good morning, George. Anna Sorokin's lawyer says \_\_\_\_\_ his best efforts, she is apparently back in Germany this morning. Not exactly the ending the 31-year-old Russian-German immigrant had in mind after that \_\_\_\_\_ con game which ensnared and embarrassed some of New York's biggest names. but immigration officials \_\_\_\_\_ wrote another chapter. I am famous. This morning, the real-life muse for the Netflix hit series, *Inventing Anna*, has apparently been deported. Anna Sorokin has spent the past year in immigration \_\_\_\_\_, a deportation order signed for her in February.

Rumors started \_\_\_\_\_ today and then I hadn't heard from her this afternoon, which is our normal practice. Speaking with GMA overnight, her \_\_\_\_\_ says

he's been fighting her case and that legally she should not be sent back to Europe. Traditionally, you have 30 days to appeal any orders and then the appeal will either be \_\_\_\_\_ or \_\_\_\_\_. And so if you do the math, I think we had until the 18th or 19th of this month. \_\_\_\_\_ known as the Soho Grifter, Sorriган conned big banks and the New York elite into believing she was a German \_\_\_\_\_ with a \$60 million \_\_\_\_\_. In reality, Anna, who adopted the last name Delvey, was \_\_\_\_\_ in 2019 of stealing more than a quarter million dollars from \_\_\_\_\_, banks, and hotels to \_\_\_\_\_ her lavish lifestyle.

Many people see you as the ultimate scammer. Are you?

*No, absolutely not.*

Her time behind bars, including 19 months at New York's \_\_\_\_\_ Rikers Island jail. We spoke with her just as she was \_\_\_\_\_ from prison.

*The idea would be for this business to work, and I would just \_\_\_\_\_ everything.* The impression these bankers are \_\_\_\_\_ is that you have millions and millions of dollars in your account. If you have these millions, why do you need their money to fund your club?

*Even the richest of people always \_\_\_\_\_ loans. I was just trying to get a cheap loan.* Sorokin's brief stint back in society financed in part by that Netflix deal she signed while in jail. But weeks after our interview, immigration authorities arrested her. Sorokin sharing her experience in this insider magazine op-ed responding to the immigration judge's \_\_\_\_\_ which said,

**The court finds that even if released from detention and ordered to report regularly to ICE, the respondent would have the ability and \_\_\_\_\_ to continue to \_\_\_\_\_ fraudulent and dishonest acts.**

Sorokin adding, sorry, am I on trial for this again?

Do you feel badly? Do you have regrets?

*I feel like I'm just trying to deal with \_\_\_\_\_ of my actions. I was young. I would not repeat my actions. I'm just trying to \_\_\_\_\_ the best \_\_\_\_\_ of my situation.*

Sorkin has steadfastly maintained that she is not a danger to society, even writing in that cheeky manner while in custody that she has made financial \_\_\_\_\_ and that she has, quote, **accomplished more in weeks than some people have in years.** George. Okay, thanks.
