The dialogue is for questions number 1 to 5

Ela : Hi Jack, did you hear about the new class schedule starting next week?

Jack : No, I didn't. What's changing?

Ela : Well, they're adding a new subject called social sciences on Mondays.

Jack : Oh, that sounds interesting. What time is it?

Ela : It's right after English, from 10:00 to 10:45.

Jack : Alright, I'll remember that. What about the other days?

Ela : Tuesdays and Thursdays are staying the same, but on Wednesdays, they're moving PE to the afternoon.

Jack : That's good to know. I'll have to remember to bring my gym clothes.

Ela : Yeah, definitely. And Fridays are still our free study period.

Jack : Awesome, thanks for letting me know, Ela.

Ela : No problem, Jack. See you in class next week!

The text is for questions number 6 to 10.

Andika Setiawan, also known as Dika, is a hardworking 7th grade student at SMP 3 Surakarta. After school, Dika does different activities that are good for him.

Every day, Dika balances his time between schoolwork and fun activities. He plays sports like football and badminton to stay active and learn teamwork. Dika also enjoys playing the guitar and painting to express his creativity. Spending time with his family is important to Dika, as they talk, eat together, and support each other.

When Dika studies at home, he is very organized. He has a quiet place in his room where he can concentrate. Dika follows a regular schedule, making sure to review his lessons, finish homework, and get ready for tests. He takes good notes in class and uses different resources like books and online materials to learn. If he has any questions, Dika isn't afraid to ask his teachers

Dika plans ahead for the next school day. He packs his bag with the right books and supplies and checks his timetable to know what classes he has. Dika sets goals for himself, deciding what he wants to accomplish each day. By being prepared, Dika sets himself up for success and has a productive day at school.

Andika Setiawan is a dedicated student who shows how important it is to work hard, have good study habits, and plan ahead. His example can inspire others to do well in their studies too.

6. Where does Dika study at home ?

7. What activities does Dika do after school ?

8. How does Dika express his creativity ?

9. What motivates Dika to seek clarification from his teachers and classmates ?

10. How does Dika prepare for tests ?
